The President's Message

We are living in an age of permissiveness that is allowing our nation to be overcome by a cult of emotion, of misguided, misdirected youthful discontent, of exuberance untempered by the wisdom of maturity and experience. It is up to you and your coaches and administrators to do what you can within the confines of your programs to give students discipline, and with it maturity and experience.

It is your responsibility to maintain high standards in the operation of programs for our high school athletes; and to see that the participants in these programs are being subjected to high standards and are receiving the benefits which properly run programs can produce.

Interschastics are voluntary and those participating represent their student bodies. It is mandatory that to qualify the standards must be the highest. This is particularly true of academic requirements, school-citizenship, and sportsmanship. The dignity of the school program is reflected through interscholastic athletics. Those who take part must conduct themselves in a manner which is above question.

Thank you for the opportunity to serve high school students throughout Georgia by serving as the President of the Georgia High School Association.

Again, join me in saying "thank you" to Mr. Burke, Mr. Fordham, and our lovely and efficient ladies in the State Office of the Georgia High School Association for the excellent job they are doing.

Please call on the State Office and me at any time you think we may serve you and the students under your administration.

Have a happy and successful school year!

From The Secretary's Desk

STATE BASKETBALL TOURNAMENTS—There has been a change made in the Class AAA boys State basketball tournament whereby in the games played at Georgia Tech there will be only two games at each session. This has been done to avoid the crowd congestion which has occurred on a four-game session. The Class AAA boys tournament will be played on Tuesday, Wednesday, Thursday, and Friday. This change has been necessary due to Georgia Tech scheduling a home game in basketball on the Saturday night usually used for the finals.

Efforts were made to secure possible central locations for first round games in Class AAA and Class AA so as to bring the teams in the first round to the same location. Due to conflicts in use of facilities this was not possible. The change was worked out for Class B and Class C and all of the teams that qualify for the State tournament in Class B and Class C will compete in Macon. To make this possible in Class B and C boys the tournament will be played on March 11, 12, 13, and 15. This was necessary in that Coliseum had a commitment for March 10.

BASKETBALL AFTER END OF SEASON—Attention is directed to the standard which provides that a pupil who has represented his school in a basketball game may not participate in any outside basketball competition after the end of the basketball season,

WRESTLING—There are two major changes in the wrestling program. For Class AAA and Class AA eliminations will be by region with each region setting up its own eliminations. For Class A, B, and C the meet will continue to be an open event but if there are a large number of entries, preliminaries will be held at two or more locations.

The second change is that of weight classifications. The National Wrestling committee has indicated that in as much as this is the second change in weight classifications in two years, that probably no other weight changes will be considered for several years,

CROSS COUNTRY—Cross Country has been placed on a regional basis for Class AAA and Class AA with each region setting up its own eliminations. Class A, B, and C will continue to be an open meet but if there are a large number of entries adjustment may be made.

FALL SOCCER—There are a number of schools that do not

play football and who wish to play soccer in the Fall rather than in the Winter season. Approval has been given for Fall Soccer for non-football schools. Schools playing in the Fall Soccer League will not compete in the Winter program.

ELIGIBILITY CHANGE—In the past there have been some few situations in which a pupil has participated in a region elimination and it has not been until after the event has been completed that it has been ascertained that the pupil, though otherwise clear, had not been listed on an eligibility report. In the past forfeiture of the event was the only provision in the eligibility standards. A change has been made to treat this as a regular eligibility violation when a pupil participates who was not on the list but would have been eligible otherwise. This change has been made so that in such situation action could be taken which would not necessarily disqualify the pupil or forfeit the event.

ELIGIBILITY REPORTS—The procedure for the certification of pupils has been simplified. Considerable work and time can be saved for the school administrator and the State Office if eligibility reports are properly filled out. Some of the items to which specific attention should be directed are:

1. Eligibility Certificate

- a. Submit original and two carbons (1 is returned to the school; 1 goes to the region; 1 remains in the State Office)
- b. List in alphabetical order, last name first.
- c. Separate report IS NOT required for each sport. After a pupil has once been reported and cleared during the year, no further report is needed in the State Office for that pupil during the year.
- d. Boys and girls may be listed on the same sheet.
- e. Individual sheet should accompany eligibility certificate for each pupil being reported for the first time by the school.
- f. Signature of the Principal or Superintendent is necessary.

2. Individual Sheet

- a. File ONE sheet for each pupil who is being reported by the school for the first time. After an individual sheet has been filed by a school no further individual sheet is necessary for that school for the pupil.
- b. List the name of the pupil in full. Nickname can be placed in parentheses after the name. Listing pupils as "Junior" Jones or "Slim" Jones makes it difficult to identify pupils on future reports.

- c. Give date of birth—indicate authority for birthdate.
- d. Be sure that the section showing date of completion of 8th and first entrance into 9th grade is complete and correct. An error in this section can seriously affect the future eligibility of a pupil.
- e. When a pupil certified for the first time is above 9th grade level, be sure to fill in the attendance record by years to show where and when in each grade beginning with the 9th. Be sure that the attendance record is in agreement with the section showing date of first entrance into grade 9.
- f. If a pupil is a transfer to your school from some other high school, it is necessary for you to file an individual sheet for that pupil from your school. Use the space at the bottom of the individual sheet to indicate the situation in regards to the transfer. Quite frequently this will save considerable correspondence and establish the pupil's status without delay. Information as to where the pupil lived last year, with whom and relation, and where the pupil is living while attending your school, with whom and their relation will help to clear your report.

3. General

- a. The report submitted to the State Office becomes a permanent record. Care should be utilized to have the individual sheet complete and correct as an error on the original filing can cause difficulty one to three years later.
- b. Signature of the Principal or Superintendent is necessary on the individual sheet. Individual sheet should be completed based on school records. These sheets should not be filled out by the individual pupil involved.

POLICY IN REGARDS TO BAND AND MUSIC PARTICIPATION—Below are given the general policy which applies to band and music groups. This policy has been set up by recommendation of the GMEA and has been approved by the GHSA. A school may participate in band or music events as follows:

- a. GMEA music festivals on dates approved by the GHSA. A list of these is printed in this bulletin and on the GHSA calendar.
- b. GMEA music clinics. Dates and places for these will be set by the GMEA and efforts will be made to get this information to schools as soon as possible.
- c. One approved band day at a college or university. A list of

these will be in the bulletin and on the calendar. Applications may be received and approved for other band days. If a school receives an invitation to a band day not listed, the GHSA State Office should be contacted prior to acceptance.

- d. One music festival in addition to a, b, and c. The reference to festival means non-GMEA special music events in which an entire unit or a majority of a musical unit participates. This item does not apply to any music event which involves only schools of the same system.

A school is free to participate in one music festival in addition to a, b, and c and whether or not there is competition, awards, or prizes has no bearing.

A maximum of one school day per year may be missed from school for either of the two following events but not both:

- (1) One non-GMEA sponsored marching band event
- (2) A parade, concert, or exhibition as the local school may see fit.

- e. Bands and music groups are free to participate in any Georgia parade, concert or exhibition as the local system may see fit as long as there are no prizes, ratings or awards. Out of state communities which are a part of the schools local community may be visited under this provision. (i. e., Rossville/Chattanooga, Augusta/Aiken, Columbus/Phenix City.)
- f. Music groups honored with an invitation to perform at professional meeting of educators are encouraged to do so.
- g. For the school year 1970-71, the requirement that a participant in band or music festival meet the GHSA eligibility requirements, has been suspended.

CHANGE OF RECORD AS TO DATE OF FIRST ENTRANCE INTO GRADE 9—A policy was set up several years ago by the State Executive Committee that any request for a change in record as to date of first entrance into grade 9 must be accompanied by a check, money order or cash in the amount of \$10.00, and that the school making the request for change be checked by some person designated by the State Executive Secretary-Treasurer with the recommendation of the person making the examination being necessary before any change can be made.

PASSING IN THREE UNIT SUBJECTS OR THEIR EQUIVALENT THE PREVIOUS SEMESTER—In order to participate it is necessary that a pupil pass in three unit subjects or their equivalent the semester immediately prior to participation. The standard sometimes causes difficulty due to different type of school system operation. Most of the school systems will fall into one of the three types given below.

1. A school system operates on a two-semester basis in the regular school year with each semester standing on its own. Credit is entered for each semester; if a pupil fails a subject one semester, the subject is repeated the next semester. Credit is given on a semester (half year) basis. Therefore in order to be eligible the second semester the pupil must pass in subjects the first semester which if passed for the year

would give three units of credit. The word equivalent is used because a pupil may be carrying subjects which give only one-half unit for the full year. In such case two subjects of this type could be combined for the equivalent of one full unit subject. In the system in which each semester stands independently, the pupil's eligibility depends on the work passed the immediate preceding semester.

2. A school system operates on the 12-months or four-quarter plan with each quarter being independent. In as much as credit is given on the basis of quarter hours 5 quarter hours per week in a subject is interpreted as the equivalent of a unit. In order to be eligible a pupil must be taking at least twenty quarter hours and passing in fifteen to be clear the next quarter. From the standpoint of attendance a pupil may be out of school for any one quarter and in such case the passing would refer to the quarter last attended; however, if the pupil is out consecutive two quarters the pupil must be back in school for a full quarter and pass fifteen quarter hours before the pupil may be eligible.
3. The most common type of operation is that in which the grades for the two semesters are averaged and credit is given on a yearly basis. In this situation if a pupil has a failing grade in a subject the first semester (first half year) the pupil continues in the subject the second semester. At the end of the year the two semester grades are averaged and from this is determined whether or not the pupil receives credit for the year.

In such schools in order to be eligible for the second semester (last half year) the pupil must have had a passing grade in at least three unit subjects the first semester. At the conclusion of the school year, eligibility for the following Fall depends on the unit credit earned for the year. The pupil must have at least three units of credit for the year.

For example a pupil may have a passing grade for the first semester and a failure grade for the second semester but when averaged the pupil receives credit for the year. On the basis that the pupil has received credit and passed for te year and is not required to repeat, the pupil has passed in the subject the second semester. The reverse is also true in that the pupil may have a passing grade for the second semester but such a low grade for the first semester that when combined for the year no credit is given the pupil is required to repeat the subject, the pupil has not

passed in the subject for the second semester. For the school which gives credit on a yearly basis and averages the two semester, whether or not a pupil has passed for the second semester depends on whether or not credit for the year is given.

LITERARY—There have been some few changes made in the Literary events. In Debate the rebuttal time has been changed to allow five minutes for each speaker. In One Act Plays at the State level three judges will be used. The One Act Plays have had a change in schedule whereby all of the State Meets will be held on Saturday.

Authorization was made at the Spring meeting to make several changes in regards to Declamation but due to difficulty in setting up score sheets and working out other details in time to include in this Bulletin it has not been possible to make the change for the current school year but it is expected to be implemented in 1971-72 school year.

SPECIAL COMMITTEES—The State Executive Committee has directed that two special committees be named. The Reclassification Committee is to make a continual study in regards to classification of schools at the next classification period. Rather than to wait until the year of classification, the committee is expected to give continuous study to the problem. The Football Playoff Committee is to study the matter of the football playoffs. There have been suggestions that rather than match North Georgia teams against each other and South Georgia teams against each other to reach the finals that there be some type of rotation such as used in the basketball tournaments.
