The President's Message

The objectives of the Georgia High School Association are met through cooperation and participation of the individuals involved. The Georgia High School Association strives to educate from the mental, physical, and moral aspect. This begins with the leadership that is involved in each region and extends through the state executive committee. Each member school is an extension of the region and state executive committee.

The goals of the GHSA are challenging, but obtainable, with each participant in mind. It is therefore necessary for each individual that is involved with the GHSA and each individual that it touches to be familiar with the handbook and the interpretation of the rules and regulations contained within.

I appreciate the confidence of the Association in electing me President for the 1981-82 school year. I have the same confidence in the members of the Georgia High School Association to assist the Executive Secretary and his staff in making this the best year yet.

Dr. Gary D. Holmes

A student who changes his/her site of residence in accordance with the eligibility requirements of legal transfer for maintaining eligibility **and**

1. While attending public school, moves from one public school attendance area* to a different public school attendance area and enrolls in the appropriate public school located in the new public attendance area, or a private school located outside his/her previous public school attendance area.

A certified copy of the student's transcript **must** accompany the request and check for \$10.00. The use of the visiting examiner will be waived unless the Secretary-Treasurer feels this is necessary.

ELIGIBILITY REPORTS:

The procedure for certification of pupils has been simplified. Work and time can be saved for the school administrator and the State Office if eligibility reports are properly filled out. Items to which specific attention should be directed are:

1. Eligibility Certificate (Form E-2)
 - a. Submit original and two carbons (1 is returned to the school; 1 goes to the region; 1 remains in the State Office).
 - b. List pupils in alphabetical order, last name first.
 - c. Separate report **IS NOT** required for each sport. After a pupil has once been reported and cleared during the school year, no further report is needed for that pupil during the school year, unless eligi-

bility has been interrupted.

- d. Boys and girls may be listed on the same sheet.
- e. For each pupil being reported for the first time by a school, an individual sheet for that pupil should accompany the eligibility certificate.

2. Individual Sheet (Form E-1)

- a. File **ONE** sheet for each pupil who is being reported by the school for the first time. After an individual sheet has been filed by a school, no further individual sheet is necessary for that school for pupil, unless eligibility is interrupted.
- b. List the name of the pupil in full. Nicknames can be placed in parentheses after the name. Listing a pupil as "Junior" Jones or "Slim" Jones, makes it difficult to identify pupils on future reports.
- c. Give date of birth -- indicate authority for birthdate. You will be assisting a pupil if you require the pupil to furnish a birth certificate.
- d. The section showing date of first entrance in 9th grade should be complete and accurate. An error in this section can seriously affect the future eligibility of a pupil.
- e. When a pupil certified for the first time is above the 9th grade level, be sure to fill in the attendance record by years to show where and when in each grade beginning with the 9th. Be sure that the section is in agreement with the section showing date of first entrance into grade 9.
- f. If a pupil is transfer to your school, it is necessary that you file an individual sheet for that pupil from your school. Use the space at the bottom of the individual sheet to indicate the situation in regards to the transfer. Frequently this will save correspondence and establish the student's status without delay. Information as to where the pupil lived last year, with whom, relation, and where and with whom the pupil is living now and their relation will help clear your report.

3. General

- a. The report submitted to the State Office becomes a permanent record. Care should be utilized to have the individual sheet complete and correct as an error on the original filing can cause difficulty one to three years later.
- b. Signature of the Principal or Superintendent is required on the individual sheet.
- c. Individual sheets should be completed based on school records. Sheets should not be filled out by the individual pupil involved.

These items should assist you in completing your eligibility report:

- a. If a pupil's birthday was prior to May 1, 1962, the pupil is overage and not eligible.
- b. If pupil first entered the Ninth grade prior to 1978, the pupil is

over eight semesters and not eligible.

- c. Eligibility reports and Region reports are considered first class mail.
- d. Mail for the GHSA should come to P. O. Box 271, Thomaston, Georgia 30286.

A. POLICY IN REGARDS TO BANDS AND MUSIC TO BANDS AND MUSIC PARTICIPATION

Below are given the general policies which apply to bands and music groups. These policies have been set up by recommendation of the GMEA and approved by the GHSA. **A school may participate in band or music events as follows:**

1. GMEA music festivals on dates approved by the GHSA. A list of these is printed in the GHSA Constitution and By-Laws.
2. GMEA music clinics. Dates and place for these will be set by the GMEA, who will forward information to schools.
3. One approved Band Day at a college or university. A list of those will be in the GHSA bulletin and on the calendar. Applications may be received and approved for other Band Days. If a school receives an invitation to a Band Day not listed, the GHSA office should be contacted prior to acceptance.
4. Field marching or concert festival which have joint GMEA-GHSA approval. The reference to festivals mean non-GMEA special music events in which an entire unit or a majority of a musical unit participates. This item does not apply to any music event which involves only schools of the same system.
5. A maximum of one school day per year may be missed from school for either of the two following events, but not both: 1) One non-GMEA sponsored festival; 2) A parade, concert, or exhibition as the local school may see fit.
6. Bands and music groups are free to participate in any Georgia parade, concert, or exhibition as the local school system may see fit as long as there are no prizes, ratings or awards. Out of State communities which are a part of the local school community may be visited under this provision. (i.e., Rossville-Chattanooga; Augusta-Aiken; Columbus-Phenix City).
7. Music groups which are honored with an invitation to perform at a professional meeting of educators are encouraged to do so.
8. For the School year 1974-75 the requirement that a participant in band or music festival meet the GMEA eligibility requirements

has been suspended except in any case where there are prizes and/or awards, eligibility standards will apply.

B. STATEMENT BY GMEA ETHICS COMMITTEE, APPROVED BY GMEA BOARD

GMEA endorses voluntary participation by high school bands, orchestras and choruses in non-GMEA sponsored events of a festival or contest nature when limited to a maximum of **two per school year** (September to August). These two events must be on the APPROVED GMEA-GHSA list of approved events.

We believe that to participate in more than two such festivals with the same presentation of materials is redundant. Directors should be sensitive to any approach which might be construed as exploitation of students. This philosophy represents no conflict with existing GMEA-GHSA agreed rulings on the number of school days allowable per year to be missed for these events.

POLICY IN REGARDS TO FIELD MARCHING BANDS, CONCERT FESTIVALS — Before entering any of the above type events be sure that it has been approved. Listed below are those that have been approved to date for any member school. Others may be added later. To avoid any difficulty or conflict, if an event is not listed below do not commit your school to participate without clearing with the State Office.

Events that have been approved are:

Constitution

ARTICLE I — Name of the Organization

This organization shall be known as the Georgia High School Association.

ARTICLE II — Object of the Organization

The object of the organization shall be the promotion of education in Georgia from a mental, physical and moral viewpoint; to promote the study of public speaking, to standardize and encourage athletics, and to promote appreciation for music, homemaking and other fine arts through Region and State Contests.

ARTICLE III — Membership

Sec. 1. SCHOOLS ELIGIBLE FOR MEMBERSHIP

The membership of the Georgia High School Association shall consist only of senior and junior high schools.

Sec. 2. GROUPING OF MEMBERSHIP BY SIZE

a. The Membership of the Association shall be divided into four groups as follows:

CLASS AAAA - Composed of eligible high schools with an adjusted A.D.A. of 875 or more.

CLASS AAA - Composed of eligible high schools with an adjusted A.D.A. from 550 through 874.

CLASS AA - Composed of eligible high schools with an adjusted A.D.A. of from 325 through 550.

CLASS A - Composed of eligible high schools with an adjusted A.D.A. from 324 down. (Rev. 1978)

b. These classifications shall apply for purposes of administration and competition.

c. Class AAAA, Class AAA, Class AA and Class A schools shall be grouped by regions for all competition.

Sec. 3. GROUPING — HOW DETERMINED

a. Classification of schools shall be based on the Average Daily Attendance (A.D.A.) secured from the State Department of Education. The A.D.A. report at the classification period shall be used to determine the classification of a school for a two-year period. (Based on figures through the first four months) (Rev. 1979)

b. Where schools are consolidated at a classification period, the combined A.D.A. figure of the consolidated schools shall be used to

determine the classification of the consolidated schools.

c. The three year high school (grades 10-11-12) shall be used as the base to determine classification figures, plus all EMR and other Special Education Students taught in self contained classrooms and carried on attendance registers which do not also include regular or non-special students.

In schools where students are designated as EMR but are not mainstreamed into the homerooms for reporting for ADA purposes, the following formula will be used:

- a. Schools with grades 9-12 - $3/5$ of EMR will be added to grades 10-12
- b. Schools with grades 8-12 - $1/2$ of EMR will be added to grades 10-12

1. Unless the school has at least 35 percent A.D.A. of each sex, it will be considered a single sex school. In which case the A.D.A. **SHALL BE DOUBLED TO DETERMINE THE CLASSIFICATION FIGURES.**

2. The State Executive Committee will set the figures for each classification at each reclassification period and will assign schools to classifications and regions.

3. New schools will be assigned classification upon projected system ADA for the school grades 10-12. Where the new school has 10th grade only, projected figures for feeder schools 8th and 9th grades apply. Where the new school has 9th grade only, projected figures for feeder schools 7th and 8th grades apply.

4. Once a school has confirmed its ADA with the GHSA, the ADA figures may not be changed. (Unless mathematical error in computation by the GHSA) (Rev. 1979)

5. After reclassification years, all regions will meet the second Saturday in January and plan for sub-division of the regions. (No Schedules may be drawn at this time). These plans are to be sent back to the full Executive Committee with no schedules drawn until the sub-divisions are approved by the full Executive Committee. These plans must spell out sub-divisions for all activities. All 32 regions must be approved before any scheduling may begin to avoid discriminatory actions by a region.

NOTE: Classification for the school years 1980-81 and 1981-82 is based on the A.D.A reports for the school year 1978-79. The next reclassification will be based on the reports for the school year 1980-81 and will become effective in the school year 1982-83. Schools will be notified of their classification by December 1, 1981.

Sec. 4 GROUPING OF MEMBERSHIP BY REGIONS

All Class AAAA, Class AAA, Class AA, and Class A schools shall be members of the Region organization in which they are located. Region boundaries shall be determined by the State Executive Committee at each classification period.

Sec. 5. COLLEGES

b. A school that changes regions by application must remain in the region to which transferred until schools are reclassified on a statewide basis.

c. A school may be moved from one region to another by direction of the State Executive Secretary-Treasurer.

d. A request to move from one region to another must be made over the signatures of the school's administrative authorities, i.e., the Principal and the Superintendent, and approved by the respective Board of Education.

Sec. 8. TRANSFER TO A HIGHER CLASSIFICATION

Sec. 10. ASSOCIATE MEMBERSHIP

A private or a boarding school may be classified as an Associate member.

SEC. 4 FOOTBALL

1. The State will be divided into regions in each class. Region lines may not be the same for all classes.
2. A region may be sub-divided by the schools of the region concerned.

The number of sub-divisions may be two or more with approximately the same number of schools in each sub-region.

3. No high school shall belong to any other football organization than that to which assigned by the Georgia High School Association and be eligible for membership in the Georgia High School Association.
4. All football games played by member schools of the Georgia High School Association must be played under the football rules as adopted by the National Football Rules Committee of the National Federation of State High School Associations. In case of a suspended game, the State Executive Secretary will determine if and how a game will be resumed.
5. All varsity football games will be played with a minimum of four officially dressed football officials who are registered under the Georgia High School Association plan for the registration of officials, or with the State Association of another State.
6. a. Reclassification is provided in Article III of the Constitution.
b. After reclassification years, all regions will meet the second Saturday in January and plan for sub-division of the regions. (No schedules may be drawn at this time). These plans are to be sent back to the full Executive Committee with no schedules drawn until the sub-divisions are approved by the full Executive Committee. These plans must spell out sub-divisions for all activities. All 32 regions must be approved before any scheduling may begin to avoid discriminatory actions by a region.
c. No school in the region may schedule any football game beyond the season of 1981 prior to the region meeting.
d. Any contract extending beyond 1981 season may be voided, if necessary to complete the region schedule. NOTE: All schools are urged to work toward adjusting of contracts so that no two-year contract will extend beyond the odd-calendar year. This will do much toward simplifying the making of region schedules.
7. a. Each school must file its football schedule with the State Executive Secretary-Treasurer no later than March 1 of each year. Schedule must show day, date, and place of game.
b. Any school making a change in football after the schedule has been filed with the State Executive Secretary-Treasurer, shall notify the State Executive Secretary-Treasurer of such change. For any change in schedule involving a region game, notification must be made prior to the date for beginning of football practice.
c. Any game or games involved in a change of schedule after the date set for the opening of football practice shall not count in region or sub-region standings.
d. Limitation regarding a change in schedule shall also be construed to prevent a school from cancelling a game when such a game could affect the region and-or sub-region standings.

NOTE: A change in date with the same opponent will not be construed as eliminating such game from region and-or sub-region standings.

8. a. The maximum number of games that a school may schedule in its regular season must be limited to ten. This limitation of ten games in the regular season shall not include playoff games.
 - b. No football game may be played on a night preceding a school day without specific authorization from the State Executive Secretary-Treasurer.
9. The regular season must end by the Saturday prior to Thanksgiving. (4th Thursday)
10. No football practice in pads may be prior to the beginning date set for the respective season. For the 1981 season, those regions who opted for three weeks of Spring practice, the beginning date in pads is August 3, 1981. For all other regions the beginning date is August 10, 1981. A school may begin working out earlier than the set practice date, provided that such workouts will be without pads. (Headgears, face guards, mouth pieces, and shoes may be used).

NOTE: Extra workouts without pads have been provided in an effort to secure better condition and reduce injuries.

11. There will be no inter-school practice and-or scrimmage in football.
12. Spring football practice shall be limited to a period of four consecutive calendar weeks (28 consecutive calendar days) and must be completed by the last day of the second semester, the last day of spring quarter or June 10th whichever comes first. By region action, one week of Spring football practice may be eliminated for all schools of that region, and the schools in that region may practice in pads one week earlier than the Fall date for practice in pads.

NOTE: Playing a football game with alumni during the Spring football practice is a violation of the post-season rule. Intra-squad game involving pupils currently enrolled in the school is clear. Any other type game is an eligibility violation.

13. To qualify for championship consideration of a region or sub-region a school must play a minimum number of games with schools in its region and classification as follows:
 - a. In any region or sub-region in which there are eight (8) or less schools, each school must play each other school in that region or sub-region.
 - b. In any region or sub-region in which there are nine (9) or more schools, each school must play eight (8) regional or sub-regional games.

- c. In a case where a school is assigned to a region or sub-region after the region or sub-region has been determined, (i.e., a school beginning football) any games played with that school will count but in case the region or sub-region is less than eight (8) schools it will not increase the minimum number of games for that region or sub-region until the year following the assignment of the new school.
 - d. In any region or sub-region in which there are six (6) or less schools, if each school plays each other two games, both games will count as region games. In any other case where two schools have played more than once during the regular season only the first game shall count in the regional standings. (Exception - a tie among more than two teams.)
14. Any games scheduled by a school which does not play a regional or sub-regional schedule to qualify for championship consideration, will not count for or against any opponent.
 15. a. Upon presentation to the State Secretary-Treasurer of evidence to show that a school cannot secure the required number of games in a region or sub-region, the State Executive Secretary may authorize each school to substitute any number of games in any classification or region to qualify for Championship consideration.
b. A request for substitution of game or games shall be submitted to the State Executive Secretary-Treasurer prior to September 1st.
 16. The championship of each region will be determined by the Saturday prior to Thanksgiving (4th Thursday) on the following basis: (Where a region is sub-divided into more than two sub-divisions, schedules must be completed two weeks earlier than the date for determining region championship).
 - a. By percentage standing, counting the region or designated games and in case of a tie between two teams a play-off shall be held.
 - b. In case of a tie among two or more teams, the percentage standings counting all games with schools of the same classification or higher classification playing a region schedule qualifying for championship consideration shall be used to determine the region winner.
 - c. If after the application of the above paragraph two or more teams remain tied, a play-off shall be held.
 - d. A, b, and c, will apply to sub-region except where two teams are tied in a sub-region and have played during the regular season, the winner of the regular season game will be the winner of the sub-region. Where there is a tie among more than two teams in a sub-region, if after the application of b, two teams remain tied, the winner of the regular season game will be the winner of the sub-region.
 - e. In the playoffs not more than two games may be played by the

same team within a period of six days (at least five between games).

f. If a situation develops where two or more teams are tied in a region or sub-region, and conditions are such that one or more teams would be required to play more than two games within six weeks (or within five day interval), then the schools in the region or sub-region involved, will determine by ballot their representative in the playoffs.

g. In calculating the percentage standings, the games won shall be divided by the games played with any tied game counting a one-half game won.

h. By the majority vote of the schools of a region meeting for scheduling, provision may be made for a playoff between the first and second place teams in the region. The regulations as to ties will apply when two or more teams are tied for first or when two or more teams are tied for second.

17. The football playoffs for 1981 shall be as follows: (Rotate brackets every third year.)

a. AAA and A

Region 2		_____	
Region 3	(H)	(H)	_____ (H)

18. In case of a tie in any play-off game, sub-regional, regional, or semi-final, preceding the final state championship game the following system will be used to determine the winner:

a. When a game ends in a tie score, two overtime periods of five

- minutes each will be played with all regular football rules applying, except that each team will be allowed one charged time out for each overtime period.
- b. After the conclusion of the regular game there will be an interval of two minutes. The two captains will meet on the field for a coin toss and the winner will have the same options that apply at the beginning of the game. The loser of the toss shall have the same options at the beginning of the second overtime period as in the second half of a regular game.
 - c. There will be a two minute interval between the first and the second overtime period during which each team may meet with its coaching staff at its bench area.
 - d. The team which is ahead at the end of the second overtime period, is the winner. Points scored will be added to the regular game score.
 - e. Two different color flags furnished by the home team (markers) will be used to mark on the side lines the nearer advance of each team to the other team's goal line. If the score is tied at the end of the second overtime period, the team which has advanced nearer to its opponent's goal line is the winner. (One point is added for advancing nearer to the opponent's goal line.)
 - f. There is a possibility that either or both teams may score a touchdown during the overtime periods and there is a possibility that the score will remain tied. The advancement in e. will apply, if prior or subsequent to the touchdown drive (before or after).
 - g. It is suggested that an official (which is the responsibility of the host team) on the side line mark the spot of advancement for either team, and that in addition to marking with a flag (marker) that it be noted in writing with each change of advancement indicated. (This will provide exact information in case a marker is moved by wind, accident, etc.)
 - h. The score remains tied at the end of both overtime periods. Team A has its advance to its own forty yard line (60 yards from opponent's goal); team B has its advance to its own 46 yard line (54 yards from opponent's goal). Team B is the winner.
 - i. A touchdown, field goal or safety does not eliminate any prior or subsequent advancement.
 - j. In the unlikely event of a tie at the end of the second overtime period, the plan in the current rule (football) book will be employed to break this tie.
19. In case of a tie in the State final championship game, the two tying teams will be declared co-champions.

20. Play-off Regulations

NOTE: Except where specified to the contrary, play-off regulations apply to all play-offs—sub-regional, region, semi-finals, and finals.

Date:

- a. Area play-offs between regions in AAAA, AAA, AA and A will be held Thanksgiving weekend.
- b. Semi-finals in AAAA, AAA, AA, and A will be held the weekend following the Saturday after Thanksgiving.
- c. State final championship games in AAAA, AAA, AA, and A will be played the second weekend following the Saturday after Thanksgiving. The championship game in each class will be played on Saturday, unless changed, by mutual agreement of the schools concerned and with the approval of the State Executive Secretary-Treasurer.

Location

- a. The home or host team is indicated in the brackets by (H). The home or host team will designate the site of the game.
- b. For Class AAAA State Finals, all arrangements will be handled by the State Office. This includes all business arrangements, Broadcasting, selection of officials, etc.
- c. The home or designated site must have adequate facilities for the game. Schools which have playoff games are expected to meet the criteria as follows: (unless the two schools can mutually agree)
Seats — Shall be figured at 18 inches in width, placed on both sides of the field at least 15 feet from the sidelines in the following numbers: Class A — 3000; Class AA — 4000; Class AAA — 4500; Class AAAA — 8,000.
Police — One per 500 spectators.
Parking — Recommended one per four spectators within reasonable distance of stadium.
Officials — A place provided for officials to dress and to use at halftime.
Press Box — The Stadium shall have the following linear feet of working space (two feet per person): Class A — 20 feet; Class AA — 30 feet; Class AAA — 40 feet; Class AAAA — 50 feet.
- d. The GHSA will predetermine the stadia capable of meeting the above criteria and publish prior to the start of the school year for all classifications. Seats must be of a permanent nature (there at the beginning of the season - not moved in during the season).
- e. The criteria above has been extended for five years (through the 1984-85 season) and will become effective in the school year 1985-86, so as to allow the schools to meet the criteria. (Revised 1980-81).

Finances

- a. If playing on the home field of one of the two schools:
 1. Visiting team shall receive \$2.00 per mile one way to be charged against the expenses of the game with payment to be guaranteed by home or host team. (Plus \$250.00 for travel in excess of 150 miles, one way.)
 2. Total game receipts will include all charges made plus any payments for broadcasting and/or televising. Concessions and

programs will not be included in receipts. Division of funds shall be on the following basis:

- a. Total receipts minus applicable percent State Sales Tax equals Gross Receipts.
- b. From Gross Receipts deduct: 10 percent of gross Receipts to be paid to GHSA; mileage to be paid to the visiting team; costs of game officials.
- c. Remaining balance is to be divided equally between the two teams.

NOTE: Local service charges, stadium charges, lights, cost of operating personnel etc., are not to be deducted prior to the division of funds. All such expenses are the responsibility of the home or host team.

3. By mutual agreement of both teams, except in a sub-region playoff where a region regulation, if any, would apply, broadcasting and/or televising of the game may be permitted at no charge if the program is a sustaining program. If the program is commercial, a minimum of 30 percent of the charges made for the program shall be paid for the privilege of broadcasting and/or televising which shall be added to the receipts of the game.

4. In lieu of the financial arrangements in 1 and 2, the visiting team may elect to receive a flat guarantee.

b. If played on a neutral field:

8. Only contestants and those administering the test are allowed in the room during the contest.
9. The judge or judges administering the contest must have a minimum of one year's teaching experience in shorthand.
10. Transcriptions which score less than 90 percent accuracy, will be disqualified and will not be placed in scoring.
11. The judges shall select a first, second, third and fourth place winner.
12. **GHSА SHORTHAND CONTEST RULES.***

1. **GENERAL RULE.** Every word omitted, inserted, misspelled, or in any manner changed from the dictated material (except in case of transposition and rewritten material) must be penalized.

Errors are not charged both for the transcribing of wrong words and for the insertion of others on the same construction. For instance, the checker should count the number of words incorrectly transcribed and that will be the total of errors on that construction; but if the number of incorrect words the student transcribes on a particular construction exceeds the number of those he should have transcribed, he is charged always with the greater number.

2. **TRANSPOSITION.** Words when transposed are penalized one error for the transposition; additional penalties are imposed for errors in the transposed words.
3. **REWRITTEN MATTER.** In any rewritten matter, every error must be penalized, whether in first or second writing, and one additional error charged for the rewriting. Do not charge an additional error for each rewritten word.
4. **STRIKE OVERS AND CORRECTIONS.** Strike overs will be counted as errors. Acceptable erasures made with a typewriting eraser will not be penalized.

*Adapted from International Typewriting Contest Rules and N.S.R.A. Rules for Correcting Shorthand Contest Transcripts.

5. DEDUCTION FOR ERRORS. Deduction for each type of error will be the same.
6. LINE SPACING. Work must be double spaced — “two notches.” Every line singly or irregularly spaced is penalized one error in addition to all other errors in the same line.
7. LENGTH OF LINE. Use a 70-space line calculated on the basis of the center of the machine.
8. SALUTATION AND COMPLIMENTARY CLOSE. If letters are dictated, the salutation is to be indented five spaces as part of the first line of typewriting followed by a colon and two spaces; and the complimentary close is to be a part of the last line of typewriting followed by a comma.
9. SIZE OF PAPER. Only 8½” x 11” paper may be used.
10. PARAGRAPHING. Paragraphs must be indented five spaces and only five. An error in paragraphing is penalized in addition to all other errors in the same line.
11. PUNCTUATION. Each mark of punctuation inserted, omitted or in any manner changed from the printed copy will be penalized one error.
12. SPACING AFTER PUNCTUATION. Two spaces must follow the period, the colon, and the interrogation and exclamation points — one space after all other punctuation points.
If punctuation is followed by a quotation mark, the spacing follows the rule laid down for punctuation point, viz., a colon followed by a quotation mark calls for two spaces, a period at the end of the sentence followed by a quotation mark calls for two spaces after the quotation mark, but a comma followed by a quotation mark calls for one space.

In initial groupings, internal periods after capitals are followed by one space, but those after small letters are not: O.K., C.O.D., A.M.; a.m., c.o.d.
13. A DASH must be written with two hyphens without spacing before or after. If a dash is necessary at the beginning of a line, there should be no space between it and the following word.
14. CUT CHARACTERS. If any word is written so close to the top, bottom, or side of pages that a portion of any letter is cut off the word must be penalized.
15. WORDS WRONGLY DIVIDED. A word divided at the end of a line other than between syllables must be penalized. A word hyphenated at the end of a line in the printed copy may or may not need the hyphen if occurring medially in the contestant's work.

For instance: "Devilfish" might be hyphenated at the end of a printed line; but medially, if contestant's rendering conforms to any standard dictionary, there is no error.

16. **FAULTY SHIFTING.** An error must be charged against every word where the shift is incorrectly used.
17. **LIGHTLY STRUCK LETTERS.** If the outline of any character is discernible, there is no error.
18. **SQUEEZING.** It is permissible to "squeeze" an omitted letter into a half space. However, if any portion of the body of one character overlaps any portion of the body of another character, is an error.
19. **SPREADING.** It is permissible to "spread" letters to fill out spaces to avoid erasing an entire word.
20. **LEFT-HAND MARGIN.** Characters beginning all lines, except the first line of paragraphs, must be struck at the same point of the scale. If printed to the left or right of that point, an error must be charged.
21. **X-ING.** Work in which words are x-ed will not be received.
22. **ERASING.** The use of an eraser is permitted, but Ko-Rec-Type or similar correcting methods or fluids may not be used.

12. Rules for the correction of papers are attached. Contestants are expected to be familiar with the Georgia High School Association Shorthand Contest Rules.
13. Scoring of papers:
 - a. The percentage of accuracy for the test is found by subtracting the number of errors in the transcription from the total number of words dictated.
 - b. In case of a tie, the contestant with the shorter transcription time shall be placed ahead of the contestant with the longer transcription time.

6. After the original examination sheet has been completed, it is not permissible to recopy the examination.
7. Words will be corrected by the caller and/or an adult representative, never by the participants themselves. In correcting papers count as errors the following:
 - a. All words so poorly written you cannot read them.

 - c. All Words which show erasures and/or changes.
 - d. All words erased and/or crossed out and re-written.
 - e. All words omitted.

TYPEWRITING CONTEST RULES.**

1. **LINE SPACING.** Work must be double spaced—"two notches." Every line irregularly spaced is penalized one error in addition to all other errors in the same line.
2. **LENGTH OF LINE.** Use a 70-space line calculated on the basis of the center of the machine. Except at end of a paragraph, any line having fewer than 61 or more than 76 characters and spaces is penalized one error in addition to all other errors in the same line.
3. **LENGTH OF PAGE.** Each 8½" x 11" page, except the last, must have at least 27 lines of writing. One error is charged for short page—not one error for each line that the page is short.
4. **PARAGRAPHING.** Paragraphs must be indented five spaces and only five. An error in paragraphing is penalized in addition to all other errors in the same line.
5. **SPACES AND PUNCTUATION POINTS.** All spaces and punctuation points are treated as parts of the preceding word; but if incorrectly made, inserted, omitted, or in any manner changed from the printed copy, an error must be charged unless the preceding word has already been penalized. (See Rule No. 6)
6. **SPACING AFTER PUNCTUATION.** Two spaces must follow the period, the colon, and the interrogation and examination points — one space after all other punctuation points.

If punctuation is followed by a quotation mark, the spacing follows the rule laid down for the punctuation point; viz., a colon followed by a quotation mark calls for two spaces, a period at the end of a sentence followed by a quotation mark calls for two spaces after the

quotation mark, but a comma followed by a quotation mark calls for one space.

In initial groupings, internal periods after capitals are followed by one space, but those after small letters are not: O.K., C.O.D., A.M.; a.m., c.o.d.

7. A DASH must be written with two hyphens without spacing before or after. If a dash is necessary at the beginning of a line there should be no space between it and the following word.
8. CUT CHARACTERS. If any word is written so close to the top, bottom, or side of a page that a portion of any letter is cut off, the word must be penalized.
9. WORDS WRONGLY DIVIDED. A word divided at the end of a line other than between syllables must be penalized. A word hyphenated at the end of the line in the printed copy may or may not need the hyphen if occurring medially in the contestant's work. For instance: "Devilfish" might be hyphenated at the end of a printed line; but medially, if contestant's rendering conforms to any standard dictionary, there is no error.
10. FAULTY SHIFTING. An error must be charged against every word where the shift is incorrectly used. If parts only of the proper character appear, it is an error. If the complete character is discernible, it is no error.
11. LIGHTLY STRUCK ERRORS. If the outline of any character is discernible, there is no error.
12. TRANSPOSITION. Letters transposed in any word constitute an error. Words when transposed are penalized one error for the transposition; additional penalties are imposed for errors in the transposed words.
13. REWRITTEN MATTER. In any rewritten matter, every error must be penalized, whether in first or second writing, and one additional error for each rewritten word.
14. CROWDING. No word shall occupy less than its proper number of spaces.
15. PILING. If any portion of the body of one character overlaps any portion of the body of another character, or extends into the line space between words to the extent that it would overlap any portion of the body of a character were there a character in that space, then it is an error.
16. LEFT-HAND MARGIN. Characters beginning all lines, except the

first line of paragraphs, must be struck at the same point of the scale. If printed to the left or right of that point, an error must be charged.

17. X-ING. Work in which words are x-ed will not be received.
18. ERASING. The use of an eraser is not allowed.
19. ERRORS IN PRINTED COPY. Errors found in the printed copy may be corrected, or written as per copy, but in no case will an error be charged against such words unless they are omitted.
20. LAST WORD. An error made in the last word written, whether the word is completed or not, must be charged.
21. ONE ERROR PER WORD. But one error shall be penalized in any one word.
22. GENERAL RULE. Every word omitted, inserted, misspelled, or in any manner charged from the printed copy (except in the case of transposition and rewritten matter) must be penalized.
23. PENALTY. For every error ten words must be taken from the total gross number of words typed.
