The President's Message

The objectives and philosophy of the Georgia High School Association in considering the totality of an education believes there are certain aspects of personality development and social interaction which fall outside the realm of academic curriculum.

The Georgia High School Association believes that extra-curricular activities provide just such opportunities outside of the curriculum for meeting with a variety of situations requiring social interaction and engendering personality growth. Along with development of social and personal graces, involvement in wholesome activities guided by competent faculty advisors may often provide an opportunity for the development and nurturing of a sense of morality and justice that will stand the student in good stead in later life.

We, therefore, feel that the school should do all within its power to sponsor, promote, and encourage extra-curricular activities and participation in them by the largest possible number of students.

It is essential that each individual who is involved with GHSA understand the constitution and by-laws. Each individual should be familiar with the handbook and the interpretation of the rules and regulations contained within.

I appreciate the re-election to the office of president. As you express your confidence in me, let me express my confidence in you, the GHSA executive committee, Executive Director and his staff in working for today's young people.

Dr. Gary D. Holmes
Georgia High School Association

He will rule ineligible for academic (literary) competition any student receiving financial aid for academic purposes."

The waiver of such rules by the Executive Committee will be handled on an individual case basis and no ruling shall be considered as precedence for future cases."

CROSS COUNTRY

Rule 9-1-3a:

"Extend blocking below the waist to a 5-yard belt on the offensive team's side of the line and a 3-yard belt on the defensive side extended to each sideline for blocks away from the spot of the snap. Free blocking provisions would not change and would apply only to players within the

previous 6 x 8 rectangle at the snap. (This involves clipping and the crack back block)."

Each school will be required to complete the injury blanks furnished to them, so that we can present this information to the football rules committee.

Each school will be requested to furnish us with a response sheet in November concerning the modification.

CHANGE OF RECORD AS TO DATE OF FIRST ENTRANCE INTO GRADE 9:

A policy has been set by the State Executive Committee that any request for a change in record as to date of first entrance into Grade 9, must be accompanied by a check, cash, or money order in the amount of \$10.00. A certified copy of the student's transcript **must** accompany the request and check for \$10.00. The use of the visiting examiner will be waived unless the Executive Director feels this is necessary.

ELIGIBILITY REPORTS:

The procedure for certification of pupils has been simplified. Work and time can be saved for the school administrator and the State Office if eligibility reports are properly filled out. Items to which specific attention should be directed are:

1. Eligibility Certificate (Form E-2)
 - a. Submit original and two carbons (1 is returned to the school; 1 goes to the region; 1 remains in the State Office).
 - b. List pupils in alphabetical order, last name first.
 - c. Separate report **IS NOT** required for each sport. After a pupil has once been reported and cleared during the school year, no further report is needed for that pupil during the school year, unless eligibility has been interrupted.
 - d. Boys and girls may be listed on the same sheet.
 - e. For each pupil being reported for the first time by a school, an individual sheet for that pupil should accompany the eligibility certificate.
2. Individual Sheet (Form E-1)
 - a. File **ONE** sheet for each pupil who is being reported by the school for the first time. After an individual sheet has been filed by a school, no further individual sheet is necessary for that school for pupil, unless eligibility is interrupted.
 - b. List the name of the pupil in full. Nicknames can be placed in parentheses after the name. Listing a pupil as "Junior" Jones or "Slim" Jones, makes it difficult to identify pupils on future reports.
 - c. Give date of birth -- indicate authority for birthdate. You will be assisting a pupil if you require the pupil to furnish a birth certificate.
 - d. The section showing date of first entrance in 9th grade should be complete and accurate. An error in this section can seriously affect the future eligibility of a pupil.
 - e. When a pupil certified for the first time is above the 9th grade level, be sure to fill in the attendance record by years to show where and when in each grade beginning with the 9th. Be sure that the section is in agreement with the section showing date of first entrance into grade 9.
 - f. If a pupil is transferred to your school, it is necessary that you file

an individual sheet for that pupil from your school. Use the space at the bottom of the individual sheet to indicate the situation in regards to the transfer. Frequently this will save correspondence and establish the student's status without delay. Information as to where the pupil lived last year, with whom, relation, and where and with whom the pupil is living now and their relation will help clear your report.

3. General

- a. The report submitted to the State Office becomes a permanent record. Care should be utilized to have the individual sheet complete and correct as an error on the original filing can cause difficulty one to three years later.
- b. Signature of the Principal or Superintendent is required on the individual sheet.
- c. Individual sheets should be completed based on school records. Sheets should not be filled out by the individual pupil involved.

These items should assist you in completing your eligibility report:

- a. If a pupil's birthday was prior to May 1, 1963, the pupil is overage and not eligible.
- b. If pupil first entered the Ninth grade prior to 1979 the pupil is over eight semesters and not eligible.
- c. Eligibility reports and Region reports are considered first class mail.
- d. Mail for the GHSA should come to P.O. Box 271, Thomaston, Georgia 30286.

A. POLICY IN REGARDS TO BAND AND MUSIC PARTICIPATION

Below are given the general policies which apply to bands and music groups. These policies have been set up by recommendation of the GMEA and approved by the GHSA. **A school may participate in band or music events as follows:**

1. GMEA music festivals on dates approved by the GHSA. A list of these is printed in the GHSA Constitution and By-Laws.
2. GMEA music clinics. Dates and place for these will be set by the GMEA, who will forward information to schools.
3. One approved Band Day at a college or university. A list of those will be in the GHSA bulletin and on the calendar. Applications may be received and approved for other Band Days. If a school receives an invitation to a Band Day not listed, the GHSA office should be contacted prior to acceptance.
4. Field marching or concert festival which have joint GMEA-GHSA approval. The reference to festivals mean non-GMEA special music events in which an entire unit or a majority of a musical unit

participates. This item does not apply to any music event which involves only schools of the same system.

5. A maximum of one school day per year may be missed from school for either of the two following events, but not both: 1) One non-GMEA sponsored festival; 2) A parade, concert, or exhibition as the local school may see fit.
6. Bands and music groups are free to participate in any Georgia parade, concert, or exhibition as the local school system may see fit as long as there are no prizes, ratings or awards. Out of State communities which are a part of the local school community may be visited under this provision. (i.e., Rossville-Chattanooga; Augusta-Aiken; Columbus-Phenix City).
7. Music groups which are honored with an invitation to perform at a professional meeting of educators are encouraged to do so.
8. For the School year 1974-75 the requirement that a participant in band or music festival meet the GMEA eligibility requirements has been suspended except in any case where there are prizes and/or awards, eligibility standards will apply.

B. STATEMENT BY GMEA ETHICS COMMITTEE, APPROVED BY GMEA BOARD

GMEA endorses voluntary participation by high school bands, orchestras and choruses in non-GMEA sponsored events of a festival or contest nature when limited to a maximum of **two per school year** (September to August). These two events must be on the APPROVED GMEA-GHSA list of approved events.

We believe that to participate in more than two such festivals with the same presentation of materials is redundant. Directors should be sensitive to any approach which might be construed as exploitation of students. This philosophy represents no conflict with existing GMEA-GHSA agreed rulings on the number of school days allowable per year to be missed for these events.

POLICY IN REGARDS TO FIELD MARCHING BANDS, CONCERT FESTIVALS — Before entering any of the above type events be sure that it has been approved. Listed below are those that have been approved to date for any member school. Others may be added later. To avoid any difficulty or conflict, if an event is not listed below do not commit your school to participate without clearing with the State Office.

Events that have been approved are:

Constitution

ARTICLE I — Name of the Organization

This organization shall be known as the Georgia High School Association.

ARTICLE II — Object of the Organization

The object of the organization shall be the promotion of education in Georgia from a mental, physical and moral viewpoint; to promote the study of public speaking, to standardize and encourage athletics, and to promote appreciation for music, homemaking and other fine arts through Region and State Contests.

ARTICLE III — Membership

Sec. 1. SCHOOLS ELIGIBLE FOR MEMBERSHIP

The membership of the Georgia High School Association shall consist only of senior and junior high schools.

Sec. 2. GROUPING OF MEMBERSHIP BY SIZE

a. The Membership of the Association shall be divided into four groups as follows:

CLASS AAAA - Composed of eligible high schools with an adjusted A.D.A. of 875 or more.

CLASS AAA - Composed of eligible high schools with an adjusted A.D.A. from 550 through 874.

CLASS AA - Composed of eligible high schools with an adjusted A.D.A. of from 325 through 549.

CLASS A - Composed of eligible high schools with an adjusted A.D.A. from 324 down. (Rev. 1978)

b. These classifications shall apply for purposes of administration and competition.

c. Class AAAA, Class AAA, Class AA and Class A schools shall be grouped by regions for all competition.

Sec. 3. GROUPING — HOW DETERMINED

a. Classification of schools shall be based on the Average Daily Attendance (A.D.A.) secured from the State Department of Education. The A.D.A. report at the classification period shall be used to determine the classification of a school for a two-year period. (Based on figures through the first four months) (Rev. 1979)

b. Where schools are consolidated at a classification period, the combined A.D.A. figure of the consolidated schools shall be used to

determine the classification of the consolidated schools.

c. The three year high school (grades 10-11-12) shall be used as the base to determine classification figures, plus all EMR and other Special Education Students taught in self contained classrooms and carried on attendance registers which do not also include regular or non-special students.

In schools where students are designated as EMR but are not mainstreamed into the homerooms for reporting for ADA purposes, the following formula will be used:

- a. Schools with grades 9-12 - $\frac{3}{5}$ of EMR will be added to grades 10-12
- b. Schools with grades 8-12 - $\frac{1}{2}$ of EMR will be added to grades 10-12

1. Unless the school has at least 35 percent A.D.A. of each sex, it will be considered a single sex school. In which case the A.D.A. **SHALL BE DOUBLED TO DETERMINE THE CLASSIFICATION FIGURES.**

2. The State Executive Committee will set the figures for each classification at each reclassification period and will assign schools to classifications and regions.

3. New schools will be assigned classification upon projected system ADA for the school grades 10-12. Where the new school has 10th grade only, projected figures for feeder schools 8th and 9th grades apply. Where the new school has 9th grade only, projected figures for feeder schools 7th and 8th grades apply.

4. Once a school has confirmed its ADA with the GHSA, the ADA figures may not be changed. (Unless mathematical error in computation by the GHSA) (Rev. 1979)

5. After reclassification years, all regions will meet the second Saturday in January and plan for sub-division of the regions. (No Schedules may be drawn at this time). These plans are to be sent back to the full Executive Committee with no schedules drawn until the sub-divisions are approved by the full Executive Committee. These plans must spell out sub-divisions for all activities. All 32 regions must be approved before any scheduling may begin to avoid discriminatory actions by a region.

NOTE: Classification for the school years 1982-83 and 1983-84 is based on the A.D.A reports for the school year 1980-81. The next reclassification will be based on the reports for the school year 1982-83 and will become effective in the school year 1984-85. Schools will be notified of their classification by December 1, 1983.

Sec. 4 GROUPING OF MEMBERSHIP BY REGIONS

All Class AAAA, Class AAA, Class AA, and Class A schools shall be members of the Region organization in which they are located. Region boundaries shall be determined by the State Executive Committee at each classification period.

Sec. 5. COLLEGES

Junior Colleges and preparatory departments of colleges are not eligible for membership in the Association.

Sec. 6. JUNIOR HIGH SCHOOLS

Junior High Schools which meet the standards set for Junior High Schools will be eligible for membership in the Association.

Sec. 7. TRANSFER FROM A REGION

a. A member school desiring transfer to membership in a neighboring region may do so with the consent of the regions concerned and with the approval of the State Executive Director provided no other rules are violated, and provided that the request for transfer is made to the State Office within 30 days after the notice of reclassification has been made.

b. A school that changes regions by application must remain in the region to which transferred until schools are reclassified on a statewide basis.

c. A school may be moved from one region to another by direction of the State Executive Director.

d. A request to move from one region to another must be made over the signatures of the school's administrative authorities, i.e., the Principal and the Superintendent, and approved by the respective Board of Education.

Sec. 8. TRANSFER TO A HIGHER CLASSIFICATION

a. A member school desiring transfer from a lower to a higher classification may do so with the consent of the regions concerned and with the approval of the State Executive Director provided no rules are otherwise violated, and provided that the request for transfer is made to the State Office within 30 days after notice of reclassification has been made.

b. A school that changes classification by application must remain in the higher classification until schools are reclassified on a statewide basis.

c. A school may be moved from a lower to a higher classification by direction of the State Executive Director.

d. A request to move from a lower to a higher classification must be made over the signature of the school's administrative authorities, i.e., the Principal and Superintendent, and approved by the respective Board of Education.

Sec. 9. MEMBERSHIP IN ANOTHER ASSOCIATION

A school is not eligible for membership in the Georgia High School Association if it is or becomes a member of an association whose Constitution and-or By-Laws are in conflict with the Constitution and-or By-Laws of the Georgia High School Association.

Sec. 10. ASSOCIATE MEMBERSHIP

A private or a boarding school may be classified as an Associate member.

ARTICLE IV — How Governed

Sec. 1. STATE OFFICERS

The State Officers of this Association shall consist of a President, a Vice-President, and an Executive Director.

Sec. 2. STATE EXECUTIVE COMMITTEE

a. Membership of the State Executive Committee shall be composed of the State Officers, the Director of State School Supervision and one member elected from each region in Class AAAA, AAA, AA, and A. Each member shall have the right to vote on all matters pertaining to the operation of the Association.

b. Terms of office for members of the State Executive Committee elected by regions shall be arranged or so staggered that the terms of approximately one-third of the total number of members shall expire each year.

c. When a member of the State Executive Committee is unable to attend a State Executive Committee meeting, the President of the region shall have power to appoint an eligible member of the region concerned to represent the region at that meeting.

Sec. 3. BOARD OF TRUSTEES

Said Georgia High School Association shall have a Board of Trustees (seven in number) consisting of the three persons holding the following state offices of said Association to-wit: President, Vice-President, and Executive Director, and their respective successors in office, plus one member elected by the Executive Committee, to come (one) from each Classification.

Said Board of Trustees shall receive and hold title to all real and personal property of said Association in trust for the benefit of said Association and shall have general custody and administration of such property with power and authority to lease, sell and convey said

property of said Association; provided however, said Board of Trustees shall not sell or convey any real property so held by them in trust for said Association without first being authorized to do so by a majority vote of the State Executive Committee of said Association at a meeting duly called for such purpose. (Rev. 1978)

Sec. 4. STATE APPEAL BOARD

a. The State Appeal Board shall be composed of four members elected by the State Executive Committee.

b. The members of the State Appeal Board shall be selected from the various classifications of schools with each classification being represented.

c. The term of each member of the State Appeal Board shall be for three years and terms shall be so staggered that the terms of not more than two members shall expire in the same year.

Sec. 5. REGION OFFICERS

a. Each Class AAAA, AAA, AA and A Region shall elect a President, a Vice-President, a Secretary-Treasurer, and from one to three committeemen. No two of the above shall be from the same school unless the two are President and the Secretary-Treasurer, and any person so elected shall be connected with a member school in an administrative or instructional capacity. These officers, together with any member of the State Executive Committee from the Region, shall compose the Executive Committee in their region.

b. A member of the State Executive Committee who is not an elected member of his Region Executive Committee shall be an added member of his respective Region Executive Committee. This provision that only one member of the Region Executive Committee may come from the same school will apply only to the members elected by the Region, and will not apply when the State Executive Committee member in the region is from the same school as an elected member.

Sec. 6. DUTIES OF OFFICERS

The duties of the various officers and committees shall be those usually devolving upon such officers and committees. It is specifically the duty of the State Executive Committee and the Region Executive Committees to seek at all times to educate the school officials under their jurisdiction, and at the same time to check vigorously any practice or violation of the rules by exercising the full penalty for such violations if it is deemed necessary.

Sec. 7. ELECTION OF OFFICERS

a. A President and a Vice-President shall be elected as State Association officers at the annual meeting of the Georgia High School

Association. Any person so elected shall be connected with a member school in an administrative or instructional capacity, and to hold office for the term for which elected, must continue to be connected with a member school in an administrative or instructional capacity.

SEC. 4 FOOTBALL

1. The State will be divided into regions in each class. Region lines may not be the same for all classes.
2. A region may be sub-divided by the schools of the region concerned.

The number of sub-divisions may be two or more with approximately the same number of schools in each sub-region.

3. No high school shall belong to any other football organization than that to which assigned by the Georgia High School Association and be eligible for membership in the Georgia High School Association.
4. All football games played by member schools of the Georgia High School Association must be played under the football rules as adopted by the National Football Rules Committee of the National Federation of State High School Associations. In case of a suspended game, the State Executive Director will determine if and how a game will be resumed.
5. All varsity football games will be played with a minimum of four officially dressed football officials who are registered under the Georgia High School Association plan for the registration of officials, or with the State Association of another State.
6. a. Reclassification is provided in Article III of the Constitution.
b. After reclassification years, all regions will meet the second Saturday in January and plan for sub-division of the regions. (No schedules may be drawn at this time). These plans are to be sent back to the full Executive Committee with no schedules drawn until the sub-divisions are approved by the full Executive Committee. These plans must spell out sub-divisions for all activities. All 32 regions must be approved before any scheduling may begin to avoid discriminatory actions by a region.
c. No school in the region may schedule any football game beyond the season of 1983 prior to the region meeting.
d. Any contract extending beyond 1983 season may be voided, if necessary to complete the region schedule. NOTE: All schools are urged to work toward adjusting of contracts so that no two-year contract will extend beyond the odd-calendar year. This will do toward simplifying the making of region schedules.
7. a. Each school must file its football schedule with the State Director no later than March 1 of each year. Schedule must show day, date, and place of game.
b. Any school making a change in football after the schedule has been filed with the State Executive Director, shall notify the State Executive Director of such change. For any change in schedule involving a region game, notification must be made prior to the date for beginning of football practice.
c. Any game or games involved in a change of schedule after the date set for the opening of football practice shall not count in region or sub-region standings.
d. Limitation regarding a change in schedule shall also be construed to prevent a school from cancelling a game when such a game could affect the region and-or sub-region standings.

NOTE: A change in date with the same opponent will not be construed as eliminating such game from region and/or sub-region standings.

8. a. The maximum number of games that a school may schedule in its regular season must be limited to ten. This limitation of ten games in the regular season shall not include playoff games.
b. No football game may be played on a night preceding a school day without specific authorization from the State Executive Director.
9. The regular season must end by the Saturday prior to Thanksgiving. (4th Thursday)
10. No football practice in pads may be prior to the beginning date set for the respective season. For the 1982 season, those regions who opted for three weeks of Spring practice, the beginning date in pads is August 2, 1982. For all other regions the beginning date is August 9, 1982. A school may begin working out earlier than the set practice date, provided that such workouts will be without pads. (Headgears, face guards, mouth pieces, and shoes may be used).

NOTE: Extra workouts without pads have been provided in an effort to secure better condition and reduce injuries.

11. There will be no inter-school practice and/or scrimmage in football.
12. Spring football practice shall be limited to a period of four consecutive calendar weeks (28 consecutive calendar days) and must be completed by the last day of the second semester, the last day of spring quarter or June 10th whichever comes first. By region action, one week of Spring football practice may be eliminated for all schools of that region, and the schools in that region may practice in pads one week earlier than the Fall date for practice in pads.

NOTE: Playing a football game with alumni during the Spring football practice is a violation of the post-season rule. Intra-squad game involving pupils currently enrolled in the school is clear. Any other type game is an eligibility violation.

13. To qualify for championship consideration of a region or sub-region a school must play a minimum number of games with schools in its region and classification as follows:
 - a. In any region or sub-region in which there are eight (8) or less schools, each school must play each other school in that region or sub-region.
 - b. In any region or sub-region in which there are nine (9) or more schools, each school must play eight (8) regional or sub-regional games.

- c. In a case where a school is assigned to a region or sub-region after the region or sub-region has been determined, (i.e., a school beginning football) any games played with that school will count but in case the region or sub-region is less than eight (8) schools it will not increase the minimum number of games for that region or sub-region until the year following the assignment of the new school.
 - d. In any region or sub-region in which there are six (6) or less schools, if each school plays each other two games, both games will count as region games. In any other case where two schools have played more than once during the regular season only the first game shall count in the regional standings. (Exception - a tie among more than two teams.)
14. Any games scheduled by a school which does not play a regional or sub-regional schedule to qualify for championship consideration, will not count for or against any opponent.
15. a. Upon presentation to the State Executive Director of evidence to show that a school cannot secure the required number of games in a region or sub-region, the State Executive Director may authorize each school to substitute any number of games in any classification or region to qualify for Championship consideration.
- b. A request for substitution of game or games shall be submitted to the State Executive Director prior to September 1st.
16. The championship of each region will be determined by the Saturday prior to Thanksgiving (4th Thursday) on the following basis: (Where a region is sub-divided into more than two sub-divisions, schedules must be completed two weeks earlier than the date for determining region championship).
- a. By percentage standing, counting the region or designated games and in case of a tie between two teams a play-off shall be held.
 - b. In case of a tie among two or more teams, the percentage standings counting all games with schools of the same classification or higher classification playing a region schedule qualifying for championship consideration shall be used to determine the region winner.
 - c. If after the application of the above paragraph two or more teams remain tied, a play-off shall be held.
 - d. A, b, and c, will apply to sub-region except where two teams are tied in a sub-region and have played during the regular season, the winner of the regular season game will be the winner of the sub-region. Where there is a tie among more than two teams in a sub-region, if after the application of b, two teams remain tied, the winner of the regular season game will be the winner of the sub-region.
 - e. In the playoffs not more than two games may be played by the

same team within a period of six days (at least five between games).

- f. If a situation develops where two or more teams are tied in a region or sub-region, and conditions are such that one or more teams would be required to play more than two games within six weeks (or within five day interval), then the schools in the region or sub-region involved, will determine by ballot their representative in the playoffs.
- g. In calculating the percentage standings, the games won shall be divided by the games played with any tied game counting a one-half game won.
- h. By the majority vote of the schools of a region meeting for scheduling, provision may be made for a playoff between the first and second place teams in the region. The regulations as to ties will apply when two or more teams are tied for first or when two or more teams are tied for second.

17. The football playoffs for 1982 shall be as follows: (Rotate brackets every third year.)

a. AAA and A

Region 1		_____ (H)	
Region 3	(H)	_____	
Region 2			_____
Region 4	(H)	_____

Region 8	(H)	_____	

18. In case of a tie in any play-off game, sub-regional, regional, or semi-final, preceding the final state championship game the following system will be used to determine the winner:

- a. When a game ends in a tie score, two overtime periods of five

- minutes each will be played with all regular football rules applying, except that each team will be allowed one charged time out for each overtime period.
- b. After the conclusion of the regular game there will be an interval of two minutes. The two captains will meet on the field for a coin toss and the winner will have the same options that apply at the beginning of the game. The loser of the toss shall have the same options at the beginning of the second overtime period as in the second half of a regular game.
 - c. There will be a two minute interval between the first and the second overtime period during which each team may meet with its coaching staff at its bench area.
 - d. The team which is ahead at the end of the second overtime period is the winner. Points scored will be added to the regular game score.
 - e. Two different color flags furnished by the home team (markers) will be used to mark on the side lines the nearer advance of each team to the other team's goal line. If the score is tied at the end of the second overtime period, the team which has advanced nearer to its opponent's goal line is the winner. (One point is added for advancing nearer to the opponent's goal line.)
 - f. There is a possibility that either or both teams may score a touchdown during the overtime periods and there is a possibility that the score will remain tied. The advancement in e. will apply, if prior or subsequent to the touchdown drive (before or after).
 - g. It is suggested that an official (which is the responsibility of the host team) on the side line mark the spot of advancement for either team, and that in addition to marking with a flag (marker) that it be noted in writing with each change of advancement indicated. (This will provide exact information in case a marker is moved by wind, accident, etc.)
 - h. The score remains tied at the end of both overtime periods. Team A has its advance to its own forty yard line (60 yards from opponent's goal); team B has its advance to its own 46 yard line (54 yards from opponent's goal). Team B is the winner.
 - i. A touchdown, field goal or safety does not eliminate any prior or subsequent advancement.
 - j. In the unlikely event of a tie at the end of the second overtime period, the plan in the current rule (football) book will be employed to break this tie.
19. In case of a tie in the State final championship game, the two tying teams will be declared co-champions.

20. Play-off Regulations

NOTE: Except where specified to the contrary, play-off regulations apply to all play-offs—sub-regional, region, semi-finals, and finals.

- a. Area play-offs between regions in AAAA, AAA, AA and A will be held Thanksgiving weekend.
- b. Semi-finals in AAAA, AAA, AA, and A will be held the weekend following the Saturday after Thanksgiving.

- d. The GHSA will predetermine the stadia capable of meeting the above criteria and publish prior to the start of the school year for all classifications. Seats must be of a permanent nature (there at the beginning of the season - not moved in during the season).
- e. The criteria above has been extended for five years (through the 1984-85 season) and will become effective in the school year 1985-86, so as to allow the schools to meet the criteria. (Revised 1980-81).

Finances

- a. If playing on the home field of one of the two schools:

- c. Remaining balance is to be divided equally between the two teams.

NOTE: Local service charges, stadium charges, lights, cost of operating personnel etc., are not to be deducted prior to the division of funds. All such expenses are the responsibility of the home or host team.

3. By mutual agreement of both teams, except in a sub-region playoff where a region regulation, if any, would apply, broadcasting and/or televising of the game may be permitted at no charge if the program is a sustaining program. If the program is commercial, a minimum of 30 percent of the charges made for the program shall be paid for the privilege of broadcasting and/or televising which shall be added to the receipts of the game.

4. In lieu of the financial arrangements in 1 and 2, the visiting team may elect to receive a flat guarantee.

- b. If played on a neutral field:
 1. Same financial terms apply as in a, with the competing team dividing the gate receipts as in 2, and/or either team having the privileged of exercising the option as in 4.
- c. Section 3. (8) of the By-Laws shall apply to all football play-offs, except that the 10 percent of the gross gate receipts together with financial statement shall be remitted direct to the State Executive Director.

Officials

- a. Shall come from a list of officials registered with the Georgia High School Association.
- b. Shall not come from any officials association or from officials in town of either competing teams unless mutually agreeable.
- c. If mutual agreement can be reached as to officials, selection will be on the agreement of the schools concerned. If agreement can not be reached, the State Executive Director will select the officials.
- d. Officials mileage and fees for all play-off games will be:
 1. Mileage on the basis of 32c per mile one way will be paid. Mileage will be paid for one car if the officials are from the same location. Mileage will be paid for two cars if the officials are from different locations and it is not feasible to travel in the same car.
 2. Fees will be as follows:

Gross Receipts under \$4,000	\$30.00 per official
------------------------------	----------------------

10. Transcriptions which score less than 90 percent accuracy, will be disqualified and will not be placed in scoring.
11. The judges shall select a first, second, third and fourth place winner.
12. GHSА SHORTHAND CONTEST RULES.*

1. GENERAL RULE. Every word omitted, inserted, misspelled, or in any manner changed from the dictated material (except in case of transposition and rewritten material) must be penalized.

Errors are not charged both for the transcribing of wrong words and for the insertion of others on the same construction. For instance, the checker should count the number of words incorrectly transcribed and that will be the total of errors on that construction; but if the number of incorrect words the student transcribes on a particular construction exceeds the number of those he should have transcribed, he is charged always with the greater number.

2. TRANSPOSITION. Words when transposed are penalized one error for the transposition; additional penalties are imposed for errors in the transposed words.

3. REWRITTEN MATTER. In any rewritten matter, every error must be penalized, whether in first or second writing, and one additional error charged for the rewriting. Do not charge an additional error for each rewritten word.

4. STRIKE OVERS AND CORRECTIONS. Strike overs will be counted as errors. Acceptable erasures made with a typewriting eraser will not be penalized.

5. DEDUCTION FOR ERRORS. Deduction for each type of error will be the same.

6. LINE SPACING. Work must be double spaced — "two notches." Every line singly or irregularly spaced is penalized one error in addition to all other errors in the same line.

7. LENGTH OF LINE. Use a 70-space line calculated on the basis of the center of the machine.

8. SALUTATION AND COMPLIMENTARY CLOSE. If letters are dictated, the salutation is to be indented five spaces as part of the

*Adapted from International Typewriting Contest Rules and N.S.R.A. Rules for Correcting Shorthand Contest Transcripts.

first line of typewriting followed by a colon and two spaces; and the complimentary close is to be a part of the last line of typewriting followed by a comma.

9. **SIZE OF PAPER.** Only 8½" x 11" paper may be used.
10. **PARAGRAPHING.** Paragraphs must be indented five spaces and only five. An error in paragraphing is penalized in addition to all other errors in the same line.
11. **PUNCTUATION.** Each mark of punctuation inserted, omitted or in any manner changed from the printed copy will be penalized one error.
12. **SPACING AFTER PUNCTUATION.** Two spaces must follow the period, the colon, and the interrogation and exclamation points — one space after all other punctuation points.
If punctuation is followed by a quotation mark, the spacing follows the rule laid down for punctuation point, viz., a colon followed by a quotation mark calls for two spaces, a period at the end of the sentence followed by a quotation mark calls for two spaces after the quotation mark, but a comma followed by a quotation mark calls for one space.

In initial groupings, internal periods after capitals are followed by one space, but those after small letters are not: O.K., C.O.D., A.M.; a.m., c.o.d.

13. **A DASH** must be written with two hyphens without spacing before or after. If a dash is necessary at the beginning of a line, there should be no space between it and the following word.
14. **CUT CHARACTERS.** If any word is written so close to the top, bottom, or side of pages that a portion of any letter is cut off the word must be penalized.
15. **WORDS WRONGLY DIVIDED.** A word divided at the end of a line other than between syllables must be penalized. A word hyphenated at the end of a line in the printed copy may or may not need the hyphen if occurring medially in the contestant's work.
For instance: "Devilfish" might be hyphenated at the end of a printed line; but medially, if contestant's rendering conforms to any standard dictionary, there is no error.
16. **FAULTY SHIFTING.** An error must be charged against every word where the shift is incorrectly used.
17. **LIGHTLY STRUCK LETTERS.** If the outline of any character is discernible, there is no error.
18. **SQUEEZING.** It is permissible to "squeeze" an omitted letter into

a half space. However, if any portion of the body of one character overlaps any portion of the body of another character, is an error.

19. SPREADING. It is permissible to "spread" letters to fill out spaces to avoid erasing an entire word.
20. LEFT-HAND MARGIN. Characters beginning all lines, except the first line of paragraphs, must be struck at the same point of the scale. If printed to the left or right of that point, an error must be charged.
21. X-ING. Work in which words are x-ed will not be received.
22. ERASING. The use of an eraser is permitted, but Ko-Rec-Type or similar correcting methods or fluids may not be used.

INSTRUCTIONS FOR ADMINISTERING THE CONTEST

11. The contest will be judged on the finished manuscript form according

- to the Georgia High School Association Shorthand Contest Rules.
12. Rules for the correction of papers are attached. Contestants are expected to be familiar with the Georgia High School Association Shorthand Contest Rules.
 13. Scoring of papers:
 - a. The raw score for the test is found by subtracting the number of errors in the transcription from the total number of words dictated. The percentage of accuracy is found by dividing the raw score by the number of words dictated."
 - b. In case of a tie, the contestant with the shorter transcription time shall be placed ahead of the contestant with the longer transcription time.

5. Correctable type ribbons for electric typewriters shall not be allowed for region or state competition.

**GEORGIA HIGH SCHOOL ASSOCIATION
TYPEWRITING CONTEST RULES.**

1. **LINE SPACING.** Work must be double spaced—"two notches." Every line irregularly spaced is penalized one error in addition to all other errors in the same line.
2. **LENGTH OF LINE.** Use a 70-space line calculated on the basis of the center of the machine. Except at end of a paragraph, any line having fewer than 61 or more than 76 characters and spaces is penalized one error in addition to all other errors in the same line.
3. **LENGTH OF PAGE.** Each 8½" x 11" page, except the last, must have at least 27 lines of writing. One error is charged for short page, not one error for each line that the page is short.
4. **PARAGRAPHING.** Paragraphs must be indented five spaces and only five. An error in paragraphing is penalized in addition to all other errors in the same line.
5. **SPACES AND PUNCTUATION POINTS.** All spaces and punctuation points are treated as parts of the preceding word; but if incorrectly made, inserted, omitted, or in any manner changed from the printed copy, an error must be charged unless the preceding word has already been penalized. (See Rule No. 6)
6. **SPACING AFTER PUNCTUATION.** Two spaces must follow the period, the colon, and the interrogation and examination points — one space after all other punctuation points.

If punctuation is followed by a quotation mark, the spacing follows the rule laid down for the punctuation point; viz., a colon followed by a quotation mark calls for two spaces, a period at the end of a sentence followed by a quotation mark calls for two spaces after the quotation mark, but a comma followed by a quotation mark calls for one space.

In initial groupings, internal periods after capitals are followed by one space, but those after small letters are not: O.K., C.O.D., A.M.; a.m., c.o.d.

7. A DASH must be written with two hyphens without spacing before or after. If a dash is necessary at the beginning of a line there should be no space between it and the following word.
8. CUT CHARACTERS. If any word is written so close to the top, bottom, or side of a page that a portion of any letter is cut off, the word must be penalized.
9. WORDS WRONGLY DIVIDED. A word divided at the end of a line other than between syllables must be penalized. A word hyphenated at the end of the line in the printed copy may or may not need the hyphen if occurring medially in the contestant's work. For instance: "Devilfish" might be hyphenated at the end of a printed line; but medially, if contestant's rendering conforms to any standard dictionary, there is no error.
10. FAULTY SHIFTING. An error must be charged against every word where the shift is incorrectly used. If parts only of the proper character appear, it is an error. If the complete character is discernible, it is no error.
11. LIGHTLY STRUCK ERRORS. If the outline of any character is discernible, there is no error.
12. TRANSPOSITION. Letters transposed in any word constitute an error. Words when transposed are penalized one error for the transposition; additional penalties are imposed for errors in the transposed words.
13. REWRITTEN MATTER. In any rewritten matter, every error must be penalized, whether in first or second writing, and one additional error for each rewritten word.
14. CROWDING. No word shall occupy less than its proper number of spaces.
15. PILING. If any portion of the body of one character overlaps any

portion of the body of another character, or extends into the line space between words to the extent that it would overlap any portion of the body of a character were there a character in that space, then it is an error.

16. LEFT-HAND MARGIN. Characters beginning all lines, except the first line of paragraphs, must be struck at the same point of the scale. If printed to the left or right of that point, an error must be charged.
17. X-ING. Work in which words are x-ed will not be received.
18. ERASING. The use of an eraser is not allowed.
19. ERRORS IN PRINTED COPY. Errors found in the printed copy may be corrected, or written as per copy, but in no case will an error be charged against such words unless they are omitted.
20. LAST WORD. An error made in the last word written, whether the word is completed or not, must be charged.
21. ONE ERROR PER WORD. But one error shall be penalized in any one word.
22. GENERAL RULE. Every word omitted, inserted, misspelled, or in any manner changed from the printed copy (except in the case of transposition and rewritten matter) must be penalized.
23. PENALTY. For every error ten words must be taken from the total gross number of words typed.
