The **GHSA School Broadcasting Program** is an exclusive partnership between the Georgia High School Association and PlayON! Sports. This program provides your students with broadcasting training and field experience while producing TV-like events of your school's activities (e.g. basketball, concerts, graduation). These events can be streamed live or archived for on-demand viewing over the internet. Your participation in the program will provide additional educational opportunities for your students; create awareness of all your school's activities; and generate revenue for your school.
