

TRACK AND FIELD

GENERAL INFORMATION:

- A. Track and Field is a team championship event for boys and girls that is based on Region and Area competitions. 2A-4A Private schools will compete in Areas to qualify for Sectionals. There will be separate Sectionals, and a State division for 2A-4A Private schools. Beginning and ending dates for practice and competition can be found at the front of this publication.
- B. All GHSA Track and Field meets will be run in accordance with the rules published in the National Federation Track and Field and Cross Country Rule Book with any exceptions and/or adoptions noted in this section. (NOTE: Knowledge of and compliance to all exceptions is the responsibility of the head coach.)
- C. Track and Field meet requirements:
 1. There will be no interscholastic practices or exhibition meets in Track and Field.
 2. The maximum number of meets that may be scheduled is twelve (12), but no individual student may compete in more than ten (10) meets (excluding the Region/Area, Sectional and State Meets).
 3. Track and Field teams may compete in one (1) indoor meet, and this meet will not count as a part of the ten (10) meets allowed per athlete provided the meet is after the date for practice to begin and prior to the date to begin regular competition.
 4. It is permissible for coaches to use "split squads" during the regular season. However, the use of split squads will count as two (2) of that school's maximum allowed competitions.
- D. Any meet involving eight (8) or more schools must be approved by the GHSA Executive Director in accordance with the process described in By-Law 2.64.
- E. A competitor shall not compete in more than four (4) events, including relays. Contestants officially become competitors when they report to the clerk of the course or field-event judge for an event in which they are entered. A contestant shall not be entered in more than four events, excluding relays. If a contestant is entered in more than the allowable number of events, meet management shall scratch the contestant from the excess event(s) by following the listed Order of Events.
A contestant may officially participate in:
 1. Four individual events - *May be listed on any number of relay events but compete in NO Relay events.*
 2. Three individual events - *May be listed on any number of relay events but compete in only one relay event.*

 1. All GHSA schools competing in the pole vault event must meet the minimum NFHS regulations on the vaulting area, the plant box, the vault box collar, the vaulting standards and padding, the crossbar and the landing pads and padding on any hard surfaces. Schools not able to meet these regulations are not allowed to practice or compete in the pole vault event at the non-complying site
 2. Those schools wishing to host a pole vault competition must file annually the "Pole Vault Facility Certification" form found on the GHSA MIS site. A listing of approved schools will then automatically post to the GHSA web site.
 3. In compliance with NFHS rules, school administrators and coaches must verify that all vaulters and poles meet event requirements. A "Pole Vault Verification Form" (found on the GHSA web site) is to be submitted before each competition.
- G. The GHSA will fully comply with the NFHS Rule 4-3-1. All competitors shall have legal uniforms. The top and bottom, or one-piece uniform, must be a school-issued or school-approved Track and Field uniform. Team uniforms must clearly identify the competitors, at a glance, as being a member of a certain team. All relay teams must wear uniforms clearly indicating through predominant color, school logo and color combination of all outer garments worn as a uniform, that members are from the same team. Note: The official should be able to observe that all members are from the same team.
The ultimate responsibility for uniforms compliance lies with the coach. Coaches should inspect any/all garments competitors wear to make sure they are in compliance with GHSA and NFHS uniforms rules.
- H. Electronic devices may only be used in unrestricted areas and coaching boxes, providing the location does not interfere with progress of the meet as determined by the meet referee.
 1. Electronic devices shall not be used to transmit information to the competitor during the race or trial.
 2. Electronic devices shall not be used for any review of an official's decision.
- I. Athletes are not permitted to wear any type of audio or video recording devices during a race, trial or while in restricted areas.
