

Questionnaire to help identify adapted sport students

Here's are some questions you can ask to help you get started:

1. How many students are enrolled in your district in the following disability categories? Include elementary, middle and high schools in your count.

- Orthopedic Impairment
- Other health impairment
- Traumatic Brain Injury
- Hearing Impairment
- 504 plan

2. Of those students how many utilize the following for mobility?

- Manual wheelchair
- Power wheelchair
- Assistive device
- Of those students, how many are ambulatory?
