

# **Change Can Be Positive and Effective**

Change is constant and change is rapid. This precept was evident in last week's meeting of the GHSA Executive Committee. The members of the Committee addressed a number of changes that will have great impact on the development of the association.

Many of these issues arose from the social, political, economic, and educational changes occurring throughout Georgia. When traditional rules and procedures are touched, it is normal to have dissatisfaction. The GHSA pledges to be proactive when change is necessary, but will not discard traditional rules and procedures that still are effective.

Several of these issues grew out of health concerns as changes were made for the GHSA fall calendar to begin with practices in August rather than in July.

The Committee also adopted a policy statement against the abuse of steroids, and adopted procedural guidelines about dealing with lightning during a competition. This guideline also requires schools to have lightning detectors at outdoor competition sites in the 2006-07 school year.

Some administrators may see recent guidelines requiring game managers and now requiring lightning detectors as an imposition on the school staff and budget. It is the belief of the GHSA that these steps are "insurance premiums" to avoid tragedies and possible litigation for our schools. Management of contestants and fans at athletic events is a major responsibility for schools and for the GHSA. The GHSA has pledged to work toward a pricing package for lightning detectors to reduce those costs.

The GHSA is continuing its emphasis on sportsmanship for participants and fans. The GHSA Statement on Sportsmanship that was developed last spring should be communicated to your constituencies. Additional resources will be forthcoming from the Sportsmanship Committee throughout the year to help local school personnel get these positive messages into the lives of your people. If you find programs that are effective, share the good news with other schools. Together we can make a positive difference.

# Back-To-School Checklist

The following is a suggested checklist for school Administrators and/or Athletic Directors to help make sure things go as smoothly as possible for you and your student-athletes as we get the new school year started.

Check the GHSA Form Book for the updated and correct forms that need to be completed and sent to our office prior to the start of each activity.

Remind coaches in football, softball, volleyball, riflery, cheerleading (spirit and competitive), basketball, wrestling, swimming and diving, track, baseball, soccer and gymnastics of required attendance at GHSA rules clinics. A list of remaining clinics is always available on the GHSA Web Site at www.ghsa.net.

Recommend that each coach reads the GHSA Constitution, which contains the rules and regulations of the association. Please consider providing each head coach a copy of the GHSA Constitution and the monthly newsletter, which often contains changes or late-breaking announcements. Be certain coaches and students participating in activities know the rules pertaining to eligibility, prizes, awards, season limitations, contest limits and the importance of starting practice and competition dates.

Communicate the school's philosophy of interscholastic activities, especially responsibilities in sportsmanship, to coaches, boosters, students and parents. Develop a handbook which establishes rules, regulations, expectations, practice guidelines and lettering criteria for each activity. Conduct a preseason meeting with parents and student-athletes to review the handbook. Give parents a chance to have their questions answered at this time.

Thoroughly check all requirements for any transfer student for whom eligibility is being sought, specifically residence, age and scholastic requirements.

Thoroughly check to make sure each student participat-
ing in a GHSA activity has a valid Annual Physical Examina-
tion on file at the school prior to participating in any athletic
tryout, practice or contest.

Each and every student participating in a GHSA activity MUST be listed on Form A, Form B or Form C (only one), to be faxed or sent to the GHSA office at least 20 days prior to the first contest in that activity. If you fax the form, please do NOT mail the original also.

Execute a contract with GHSA officials associations hired for home athletic contests, and verify the dates on those contracts.
